Additional Performance Credit Calculations and Supplemental Information

Describe below the progress made in meeting your program year work plan inspection goals. You must provide quantitative results for each compliance inspection and land application goal listed in your work plan.

Our goal to inspect at least one site that has never been inspected, preferably in shoreland was exceeded with all 5 sites never inspected, one of which was in shoreland. Our goal of inspecting at least one site withing the Middle Clearwater River Watershed was met with one site being in the priority subwatershed.
